

YOU DEMAND CONTROL. WE DELIVER.

New Breed Facts

We're a privately held, third-party logistics provider that delivers greater visibility and control of supply chain operations. We have helped some of the world's largest and most respected organizations transform their supply chains to maintain control over complex operations. We manage more than 8 million square feet of warehouse space across 50 distribution centers and employ more than 7,000 people.

Industries Served:

- aerospace
- government/defense
- medical
- retail
- manufacturing
- technology
- wireless

Services Distribution center operations and transportation management in support of manufacturing, distribution, returns processing, refurbishment & repair, materials management, and service parts operations. Services are supported by a robust technology infrastructure with integrated systems for warehouse management, transportation, order management, and supply chain analysis.

Quality Our operations conform to all requirements of the ISO 9001:2008 quality standard and the ISO 14001:2004 environmental management system standard. Aerospace operations meet AS 9100 and 9120 standards.

Financial Strength We are a strong, financially sound company with a history of investing to support client initiatives. New Breed's management is committed to growing our company through investment in our clients and we believe a true partnership must be a collaborative one that shares risk and reward.

History We were founded in 1968 as a specialized transportation company, and quickly broadened our focus to information technology-based logistics solutions.

Clients Our clients include Avaya, Dematic, Boeing, Hallmark, Hamilton Sundstrand, Laerdal Medical, Pratt & Whitney, Procter & Gamble, Siemens Medical Solutions, Sikorsky Aircraft, Sony Electronics, the U.S. Marine Corps, the U.S. Postal Service, and Verizon Wireless.
